EXPERIENCE

Full Stack developer

Oct. 2023 - Present

Moulim Group

Safi, Morocco

- Spearheaded the development of a Next.js dashboard featuring user management modules and a streamlined debt collection system, leveraging Next.js, RTK/Query, Prisma, and Git for seamless execution.
- Improved company-wide inventory efficiency by ensuring consistent product data through a backoffice merge feature, despite variations in entries from different agents across stores and locations.

Full Stack Developer

May 2022 - Sept. 2023

Africa Verify

Casablanca, Morocco

- Spearheaded the re-engineering of multiple web applications into a unified platform (React.js, Node.js) for streamlined maintenance and a cohesive tech stack across the team. Managed data with Elasticsearch, MySQL, and Git for seamless collaboration.
- Developed a multilingual AML (Anti-Money Laundering) app for secure access to critical information on combating money laundering and terrorism financing, utilizing Vue.js, Laravel, MongoDB, Elasticsearch, and Git.
- Co-developed the frontend of a data entry back office using React.js and Git.
- Improved code quality & reliability through code audits, identifying & fixing bugs.

Full Stack Developer

Apr. 2021 - June 2021

Salvia

Safi, Morocco

- Developed and deployed eCommerce and delivery management apps using React.js, Node.js and Git.
- Development of a website for a driving school. A multi-language web interface that represents the services of a driving school.
